Manila Pilipinas

Philippines

The Pilipinas only has two seasons, either summer or rainy. It is amazing to know that a winter sport is being played in our archipelago. The team has been playing for seven years now and it's just starting to blossom. Only a selected few from all over the country have been chosen to participate in the 2005 Tournament in Hong Kong. This is the third time the team takes part in the said event. The team of young athletes guided by immense will and extreme passion for the game, will do everything they can to triumph.

Manila Predators

Philippines

The Manila Predators is composed largely from the Manila Tigers and Manila Typhoons Hockey Clubs, combined with some Juggernauts players, in a recent attempt to provide for a more competitive team for international amateur competition. While the average age of the players (15-16 years old) places them in the bantam / midget category, the competition would provide valuable exposure and experience the young players look forward to.

The HK Teams

There are three teams representing HKAHC in the tournament. Selection of players is based upon the following criteria:

40% - HKAHC league game attended, 50% - Point scored, 10% - Penalty minutes accumulated.

We have summed up the statistics of past seasons and further put

more emphasis on 2004 Fall season over the past seasons, by 70% and 30% respectively.

The rationale behind the selection process is to allow enlisting the elite players in HKAHC league, while also permitting us to reward our long time supporter and players who have shown great sportsmanship in our games.

HKAHC Black

Hong Kong

Sportsmanship is not lost in the game of ice hockey, and HK Black has gathered a group of players who have been strong performer yet with good sportsmanship. Led by the most consistent goaltender, this team is anchored by Laputa Poon, Kin Ng as their leaders. Kwan Wing Cheong is strong both on and off the ice with poise and skill.
