Disciplinary committee – Verdict Hong Kong 2018-09-14

During the game Chinese Taipei Team B against Kuwait on 2018-09-14, the Kuwait player number 27 “Meshal Alfoundari” was involved in a situation where he was assessed a Match penalty for fighting. After receiving the report from the on-ice officials and the official referee supervisor it is clear that the player number 27, “Meshal Alfoundari” was involved in a fighting situation that meets the criteria for Match Penalty and further suspension.

The disciplinary panels conclusion from the report and given video material is that the player was:

- Using excessive force directly to the opponent’s head repeatedly total disregard of safety.
- Continues to deliver punches towards the opponent’s head after the fight was stopped by the game officials.
- Is the instigator and aggressor in a situation where the opponent is not able to defend himself.

With the reports from the game officials and the given video material the disciplinary panel is suspending the Kuwait player number 27, “Meshal Alfoundari” for the rest of the tournament and not welcome back to this tournament in the future. Such disgraceful behaviour will not be tolerated as it was wholly inappropriate with the intention of inflicting injury. We take this kind of inappropriate behaviour very seriously as it is contrary to the integrity of the sport.

On behalf of the HKAHC disciplinary committee

Sam Wong

Tournament director
